Subject: Youth Tobacco Prevention

Star and David,

It was a pleasure seeing you a couple of weeks ago with Laura Leigh Oyler from Reynolds. As we discussed, a disparity exists between the penalties for providing youth with alcohol (\$1,000 plus community service) and tobacco (\$200 and no community service).

We believe Los Angeles could be a leader in addressing this disparity and making real progress in youth tobacco prevention. I've attached some suggested language/information for a possible motion. We look forward to discussing this with you.

In addition, we are looking forward to those introductions you were going to make to the LGBT Center in Hollywood, the LAUSD high school for homeless students and LA Youth Network. We would like to provide them with materials on youth tobacco prevention.

Thanks and talk to you soon!

Hello Veronica,

Hope all is well! Thank you for following up. Please see the link to the motion that we have introduced and we had a press conference on it along with CA's office. This is basically asking for a report from City Attorney's office and recommendations. Please see the link below to the motion. Let me know if you have any questions.

Nope! It was just an FYI. Any update on the youth tobacco prevention issue? Any interest in having the CM introduce the motion? Thank you!

Thanks Veronica.

Sorry for the late reply, did you want to talk about this? The matter is reactivated as of July 1st.

FYI about an item at Council Tuesday to reactivate a 2009 Alarcon motion re: criminalizing wage theft (motion attached). This could be yet another duplicative regulation that will make it more difficult to do business in Los Angeles.
